

THANK YOU

HEALTHCARE WORKERS
NURSES ★ FIRST RESPONDERS
EMERGENCY SERVICES
POLICE ★ SHERIFFS
FIREFIGHTERS ★ EMTS
FAMILY PRACTITIONERS

Performance Physical Therapy would like to thank the dedicated workers on the front lines when it comes to our community's health. To honor their hard work and sacrifice we would like to extend complimentary PT Telehealth to any of these committed individuals.

We are here to offer our gratitude and support. Our one to one video conferencing system will allow you to work with one of our Performance PT Providers from your home. There are many ways we can help, be it for injury evaluation and rehabilitation, physical selfcare strategies or simply a customized CORE exercise program.

We are committed to continuity of care while keeping our patients, community and providers safe during the COVID-19 outbreak.
